The Executive Engineer
City Drainage
Kaka Sarai, Srinagar

Subject: Restoration of toilet block (Girls) located adjacent to dewatering station.

Sir,

The dewatering station was built in by your department in the premises of Sri Pratap College for the safe removal of wastewater in the adjacent areas and to achieve this a network of drainage systems was laid in the campus. However, while doing so the septic tanks of the girl's washrooms located just adjacent to it have got damaged and making it dysfunctional. The same has not been repaired by your department to date despite the assurances given by your side of the same during that time and now has been viewed seriously by the higher authorities.

In this regard and before replying to the queries raised by the higher authorities on it, you are requested to carry out the necessary repairing of the same at the earliest.

Yours sincerely,
