

S.P. COLLEGE SRINAGAR
J&k Higher Education Department
(Cluster University Srinagar)

No: SPC-3538

Date: 23-10-2025

REPORT

Occasion: World Statistics Day

Theme: Quality statistics and Data for everyone

Organized by: Department of Mathematics and Statistics in Collaboration with NSS

Date: 23.10.2025

While World Statistics Day focuses on highlighting the importance of statistics and data for informed decision-making and sustainable development, S P College took creative initiatives to engage the students by organizing Declamation contest where 15 students participated in the event. Speaking to the students Dr. Suhail Gulzar, Head Department of Mathematics emphasized on the importance of collection of accurate and valid data and how we can connect with the globe by means of trustworthy facts and figures. The speeches were evaluated on the basis of theme by Dr. Suhail Gulzar, Head Department of Mathematics and Statistics and Dr. Showkat Ahmad Malik, NSS PO who appreciated the students for their enthusiasm and distributed medals among the students. Dr. Bashir Ahmad Shaikh, Principal S P College briefed the audience about various national organizations like C. S. O, NSSO and other central statistical systems and highlighted their national importance. He also appreciated the students and the organizing faculty for making the event a success.

REPORT

Occasion: World Statistics Day

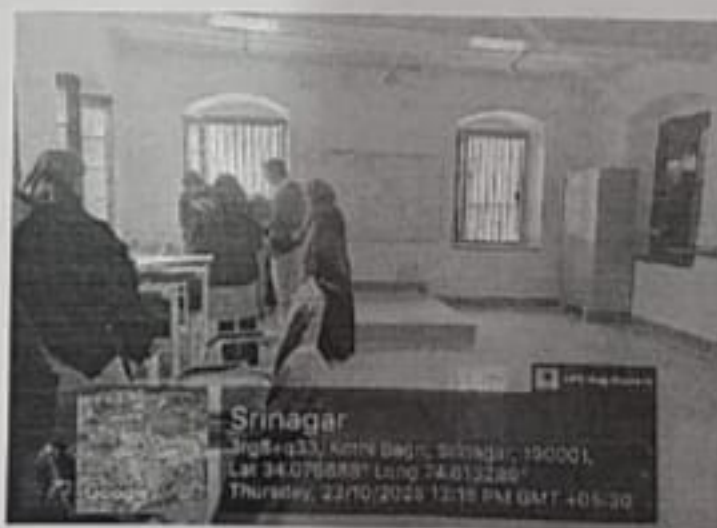

Theme: Quality statistics and Data for everyone

Organized by: Department of Mathematics and Statistics in Collaboration with NSS

Date: 23.10.2025

While World Statistics Day focuses on highlighting the importance of statistics and data for informed decision-making and sustainable development, S P College took creative initiatives to engage the students by organizing painting competition where 25 students participated in the event. Speaking to the students Dr. Mir Khusru, NSS PO emphasized on the importance of statistics for making informed decisions, understanding variability, identifying patterns, and making predictions in fields ranging from science and business to government and everyday life. The paintings were evaluated on the basis of theme and art by Dr. Suhail Gulzar, Head Department of Mathematics and Statistics and Dr. Mir Khusru, NSS PO who appreciated the students for their enthusiasm and distributed medals among the students.

Dr. Bashir Ahmad Shaikh, Principal S P College appreciated the students and the organizing faculty for making the event a success.
